STANFORD, KY., TUESDAY, JANUARY 26, 1909.

NO. 93.

VOTE FOR John C. Pepples For Assessor OF LINCOLN COUNTY.

In assessing your property EVERY PROPERTY HOLDER will receive a SQUARE DEAL at my hands. If nominated in the PRIMARY SATURDAY, FEB. 6, 1909, I will be grateful to the Democracy of Lincoln County, which I have served all of my life. When elected I will select a competent corps of deputies, well fitted and capable to attend to the duties of the office, to which the people have elected me. YOUR SUPPORT WILL BE CORDIALLY APPRECIATED.

Rev. Joseph Severance, chaplain of the State penitentiary, tells the following on himself:

"In company with Dr. A. C. Cook, of Georgetown, I was automobiling through Nicholas and Mason counties and in the neighborhood of Blue Licks we encountered a native driving a sorrel horse and a mule that were hitched to a jolt wagon, on the seat of which sat the native, his wife and baby. It was a very warm August afternoon and we had just pumped up one of the tires that had been punctured. I was perspiring very freely and had my hat off fanning and trying to be cool and comfortable. As we came near, the sorrel horse began to show evidences of fright, but the driver managed the team so well that we were encouraged to go on. On we came, the horse doing his best to wreck the wagon, the driver seemingly the most unconcerned of either party. Nearer and nearer we drew to the frightened team. Finally, when nearly opposite the wagon, my hat still off and my shining crown 'giving back to the sun his same look of red fire,' I yelled to the driver, 'My friend, do you think he will go by all right?' He replied: 'Hell yes, he ain't feared of the machine. Put on your hat and he'll go by all right.'—Frankfort Journal.

Hogs.—Intelligently cared for hogs are profitable. Under wise management, even the "razor back" or "rail splitter," can be made fairly remunerative. There is an ever growing demand for hogs and hog products and there is particularly an increasing inquiry for home cured bacon. With good pasture, clear water and proper feeding, any of the improved varieties of hogs will weigh 150 pounds and over at six months old, and that is the age at which they should be sold. Determine what variety of hog you will want, get that variety and keep it, as hogs should be kept, for it is dollars in your pocket. But for heaven's sake don't buy a few hogs and turn them loose to depredate upon your neighbors, or to hustle for their own living, and expect them to bring you anything but trouble. If you do not know how to raise hogs write to me. William M. Bamberge, Agricultural Superintendent, Queen & Crescent Route, Lexington, Ky.

A Religious Author's Statement.

For several years I was afflicted with kidney trouble and last Winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. New Stanford Drug Co.

The proposition that newspaper advertising is indispensable in the conduct of business enterprises is not often disputed, but it is interesting to note that in one case where it has been questioned, a United States Circuit Court of Appeals has upheld the general opinion. The propriety of the action of the receivers of a railroad company in making contracts for advertising the road was attacked. The court held that the advertising was essential to the operation of the railroad; that the outlay for publicity was therefore legitimate, and that it should be allowed. It would be as easy to generate steam without fuel as to keep the wheels of industry turning without the use of printer's ink.

Don't Get A Divorce.

E. C. WALTON

LET us again admonish the candidates for county offices to do and say nothing that they will have to take back after the primary of Feb. 6. Let each man make his race on his own merits and not on the demerits of those who oppose him. The ticket to be named some 10 days hence will be voted for in November and he is a poor democrat indeed who does not want to see it win even though fate and a majority of votes prevented his being on it. The republicans are watching every movement and are jotting down in their note books the things the democrats are saying about each other. Therefore be careful what you say, for do or you will hear the echo along in the Fall when the republicans try to wrench the county offices from the democrats. Don't place yourself in a position to be compelled to eat crow by saying things about the other fellow for he might beat you and if you are the man you ought to be you will help him defeat the republican who dares oppose him.

BEACH HARGIS ended his latest round-up by shooting himself in the foot. After subjugating several residences on Frozen Creek Friday, he proceeded to Jackson, shooting at all animate objects on his way. He accidentally wounded himself. His wound was dressed at the home of a Negro and he was taken to his mother's house in Jackson, where he is being attended by his brother-in-law, Dr. Hogg. Amputation may be necessary. Isn't it about time Senator Bradley was coming out in another communication saying that Beach is the most lamb-like fellow in all the mountains? He should do something to divert the attention of the public from the worthless murderer of his father.

AN effort is being made to secure a pardon for Henry E. Youtsey. As a matter of fact Youtsey deserves hanging as much as Caleb Powers, Taylor or Howard, but as Gov. Willson seems bent on giving all of Gov. Goebel's assassins their freedom, it would not be surprising to learn that he has pardoned Youtsey.

THERE are 29 Federal circuit judges and 84 district judges affected by the change of compensation about to be authorized by Congress. The former, who get \$7,000 a year now will get \$9,000, and the latter, who receive \$6,000, will get \$8,000.

IT is said that the money which usually goes to buy seed for Congressmen to electioneer with will be used this time to buy automobiles for the president. The republican presidents come high, but we have to have them, it seems.

CHRISTIAN county has the only female deputy sheriff in the State and she is a brave and satisfactory officer. If Lincoln county's candidates would take on a few lady deputies both of them might win in the primary of Feb. 6th.

R. W. BOND, a Bardon, Tenn., fool, walked seven miles on his hands and knees to pay a bet lost on the State going for State-wide prohibition. It is a pity the little goose didn't have work to do at home.

LARUE county went dry by a majority of 1,085 Saturday. The vote was about four to one against the sale of whisky.

POLITICAL.

The Sims bill to establish prohibition in the District of Columbia was tabled in committee by a vote of 11 to 2.

The Tennessee Legislators, having wiped liquors out of the State, are preparing to prohibit the sale of Cocoa Cola.

The Arkansas Senate has adopted a joint resolution providing for the initiative and referendum as a part of the constitution of that State.

The President sent to the Senate the nomination of Rufus E. Foster to be United States District Judge for the Eastern district of Louisiana.

The Senatorial deadlock at Springfield, Ill., may be broken this week, but the conferences of the last few days have failed to indicate the outcome.

Dispatches say that Justice John M. Harlan, of the United States Supreme court, is soon to resign and that Gov. Willson will be appointed to succeed him.

The lower house of the Indiana Legislature will probably order an investigation this week preparatory to cutting salaries and abolishing useless offices.

The Walker-Otis anti-racetrack bill passed the California House by a vote of 21 to 10. A motion to reconsider was made, which delays the sending of the bill to the Senate.

Right scored another run, when both houses of the Legislature in Tennessee passed a State-wide bill to prohibit the sale of intoxicating liquors in that State.—Lancaster Record.

Lexington dispatches say that County Attorney George Hunt will be a candidate against Judge Watts Parker for the democratic nomination for circuit judge in the Fayette district.

John B. Payne, who died at Lexington, was the first county judge of Bell. President-elect Taft has sailed from Charleston, S. C., for Panama and upon the knowledge personally gained there is likely to depend the ultimate plan of the Panama Canal construction.

The Legislature of California will attract word-wide attention this week when it takes up the matter of legislation designed to check Japanese immigration to that State's share of the Pacific coast.

The Senate passed a bill making February 12 a special National holiday. The Senate also adopted Senator Knox's resolution providing for a survey of "The Lincoln Way" from Washington to Gettysburg.

William Howard Taft left Augusta, Ga., for Charleston, S. C., from which place he will sail for Panama. The President-elect asked Senator Knox and Frank H. Hitchcock to meet him at Charleston, presumably for a conference concerning his Cabinet.

Francis B. Loomis, Commissioner-general to the Japanese Exposition, said in an interview that there was no doubt of the sincerity of Japan's friendship for the United States and that the policy of Marquis Katsuma and Count Komura was to prevent emigration not only to America, but to all countries except Korea and certain parts of Manchuria.

By a good majority vote the Tennessee House of Representatives tabled the Senate joint resolution calling for an investigation of the alleged whisky lobby, and for the second time during the session the Lower House put itself on record as opposed to any kind of personal or private legislation of this character. A similar joint resolution asking for an investigation of charges made by E. B. Chappell and B. F. Haynes, Methodist ministers, that corrupt influences were being used on members of the Legislature, was laid on the table by practically a unanimous vote.

State Superintendent of Schools J. G. Crabbe, republican, has issued a strong statement in favor of calling an extra session of the Legislature for the sole purpose of enacting a uniform county unit bill. He says the people are for it and will "knife" any man or party that opposes the measure or puts obstructions in its way. He says the State administration should redeem its promises by passing the bill. He says he believes the county unit bill will win soon or State-wide prohibition will come with a dull thud. He concludes by saying he has no political bee in his bonnet.

MESSRS. T. W. HUMBLE, of this place, and William Martin, of Princeton, Ind., have bought a two-third interest in the dry goods store of Tribble & Hughes and an inventory of the stock is now being taken, preparatory to turning it over to the new owners. Humble & Martin are both progressive young business men and they and Mr. Hughes should get a good share of the patronage of this section.

As usual a small crowd was present at Walton's Opera House Friday night and most of our people missed the good performance given by the company playing "Was She to Blame." It is exceedingly discouraging, not to say humiliating, to bring a good company here and have its members play to empty seats. Our people want a play house they say, but they don't prove their words by patronizing what few shows we have. Unless business gets better the management will be compelled to close the opera house because of a lack of patronage.

In remitting for his I. J. from Broken Arrow, Okla., Mr. George T. Wood takes occasion to correct a report which is being circulated by enemies of Mr. M. S. I want to state that this is as untrue as anything can be. Mr. Baughman's instruction to me and his other deputies was to charge no penalty, whatever, to widows and the widows of Lincoln county will bear me out in what I say."

Deceased was a splendid woman and her death brought sadness to the hearts of many who knew and loved her.

She is survived by her husband and six children and in their irreparable loss much sympathy is felt for them. Cough Caution

Never, positively never poison your lungs. If you cough—cough from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a suffocating poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding
